

I am a subscriber to satellite radio. This is my choice. As a listener, I do not feel that I should be penalized by being unable to access traffic and weather information...especially in Florida.
I fail to see why the NAB should be allowed to have any say in what I choose/need to hear.

Please reject NAB Petition 04-160 as an ill-disguised attempt to curtail my 1st Amendment rights and, by so doing, affirm the right of satellite radio to provide the types of content I want and to which I subscribe.

Thank you.
